PROFESSIONAL SUMMARY

Results-driven MERN STACK developer with 10 months of intensive training at Brototype, where I completed a hotel booking site and an e-commerce platform hosted on AWS, Render, and Vercel. Followed by 6 months as a Junior Developer specializing in Shopify app development. Skilled in React.js, Node.js, HTML/CSS, MongoDB, and Express.js, with expertise in Shopify Polaris, Remix, and GraphQL. Awarded Best Communication Coordinator by Brocamp. Seeking opportunities to apply and expand my skills in innovative projects.

WORK EXPERIENCE

Final Apps

- **Final Invoice Printing App:** Collaborated closely with the CTO to develop and enhance the major product, leveraging React.js and Shopify Polaris for a seamless user experience.
- **Dual Price App:** Independently managed and developed this application, implementing efficient solutions and maintaining high code quality.
- **Web Pixel TikTok App:** Created and deployed this app on the Shopify App Store using React.js and Shopify Polaris, later migrating to Remix and GraphQL for improved performance and scalability.
- **Key Achievements:** Successfully integrated advanced technologies and ensured smooth deployment of applications on Shopify.
